Subject: RE: Notice of Public Hearing/Extension of Public Comments for Glyphosate's NSRL

To those at OEHHA:

On behalf of hundreds of Californians whom we represent, I thank you very much for the opportunity to make public comment this week, as well as for the very prompt and helpful Publix records search you assisted my colleagues with.

As I understand it, a number of Monsanto executives and their outside counsel Mr. Norris were permitted to meet privately with OEHHA many months prior, to discuss potential NSRL levels for glyphosate.

I am writing now to request that OEHHA schedule a meeting within the public comment period, or before a decision is made as to safe harbor threshold, with some of our California clients who consider themselves stakeholders in this matter (having developed lymphoma after purchase of and exposure to Roundup) . I believe one, possibly two, scientific experts retained on behalf of these clients would like to participate in the meeting as well.

This meeting would appropriately facilitate a more balanced input process and public discussion. I look forward to your reply and thank you again for your hard work and the opportunity to comment.

Subject: Notice of Public Hearing/Extension of Public Comments for Glyphosate's NSRL

Greetings,

Pursuant to several requests, OEHHA has scheduled a public hearing concerning the proposed NSRL for glyphosate on Wednesday, June 7, 2017 at the California Environmental Protection Agency Headquarters Building, Sierra Hearing Room, located at 1001 I Street, 2nd Floor, Sacramento, California. The public hearing will begin at 1:30 p.m. and continue until all business has been conducted, or 5:00 pm. If you have special accommodation or language needs, please contact Esther Barajas-Ochoa at (916) 322-2068 or esther.barajas-ochoa@oehha.ca.gov by May 31, 2017. TTY/TDD/Speech-to-Speech users may dial 7-1-1 for the California Relay Service.

OEHHA has also extended the public comment period on this proposed amendment to 5:00 pm, Wednesday, June 21, 2017. You are encouraged to submit written information via e-mail rather than in paper form. Send e-mail comments to P65Public.Comments@oehha.ca.gov. Please include "GLYPHOSATE NSRL" in the subject line. Hard-copy comments may be mailed, faxed, or delivered in person to the appropriate address below.

All submissions should be directed to:
